DESCRIPTION

*Multi-purpose, panoramic and essential! COBRA offers a wraparound 180° panoramic field of vision with perfect optical quality. Light yet protective, it is an asset in every situation.*

**PLATINUM® (P) ASAF Coating**

Permanent coating on both sides of the lens gives them a high resistance to scratching, and delays the onset of fogging. Certified K & N (EN166) PLATINUM® resists to the most aggressive chemicals.

**CSP**

This innovating coating is an effective solution for all activities that alternate exposure to bright light and low light, while also being suitable for extreme hot and cold temperature environments.

Spare lens available upon request. Contact your sales representative for more information.

## Lens markings

### Optical class symbols:

1. Continuous work

### Mechanical strength symbols:

B. Medium energy impact, resists a 6 mm, 0.86 g ball at 120 m/s

T. The letter T, immediately after the mechanical strength symbol, authorises use for high speed particles at extreme temperatures.

### Others symbols:

K. Resistance to surface damage by fine particles

N. Resistance to fogging

C€ European standard Manufacturer name

## Frame markings

### Standards :

EN166. guaranteed minimum resistance of the protective eyewear against everyday risks including dropping the protective eyewear onto the ground, ageing by light exposure, exposure to heat or corrosion etc.

### Mechanical strength symbols:

3. Liquid droplets or splashes

B. Medium energy impact, resists a 6 mm, 0.86 g ball at 120 m/s

T. The letter T, immediately after the mechanical strength symbol, authorises use for high speed particles at extreme temperatures.

### Others symbols:

C€ European standard Manufacturer name

Bollé Safety product approval certificates to CE standards will be sent on request.
